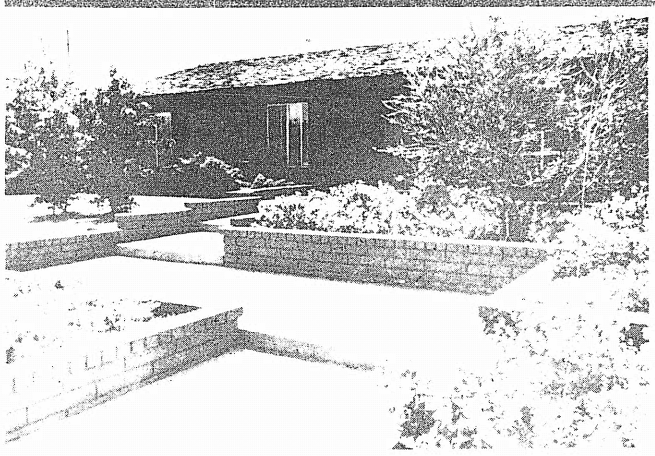
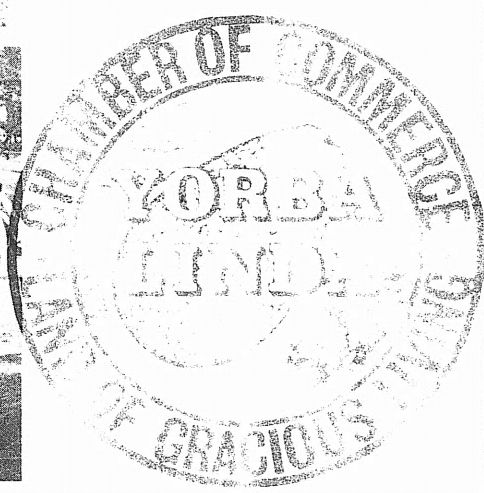
YORBA LINDA ON THE MOVE!

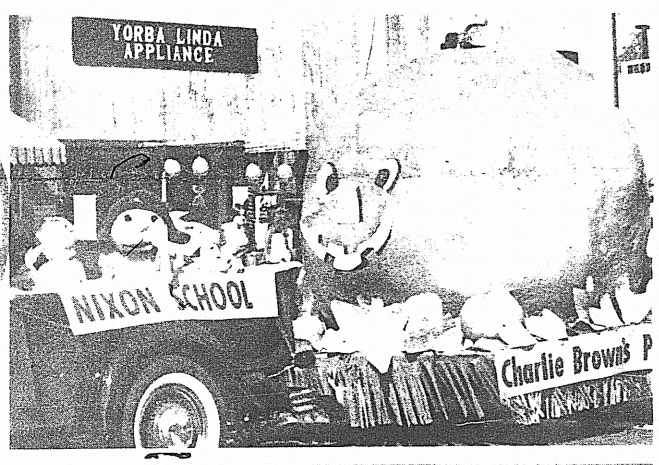


BEAUTIFUL HOMES are a trademark of present day Yorba Linda. This one at the left is one of several which won awards from the Beautification Committee. The homes house young families who enjoy the many advantages of living in the Yorba Linda of today. More homes will be built and occupied in the vast acreage to the east of the present city limits which are about to undergo development.

MAIN STREET, the long time focal point for shoppers, is still a thriving mercantile center despite the proliferation of modern shopping centers. Through a joint project of the city and the merchants Main Street is scheduled for a facelifting, symbolized by the undergrounding of utilities which is occuring in this photo on the right.

SPECIAL EVENT-The photo at left center tells many things about Yorba Linda and its people. It was taken when the Yorba Linda Country Riders, made up of many adult, youth and child horse owners in the city, treated a group of blind youngsters to a day with horses. The picture depicts the horse-oriented nature of the city, the participation of many people in an event which brings joy to those who might not otherwise have experienced this pleasure.





FIESTA DAYS-Bringing the people of Yorba Linda together for one annual funfilled day, Fiesta Days, pictured at right center, is typical of civic events that foster a closeness, sharing and enjoyment. The parade and booths on Main Street bring many outsiders to the city and allow them to see the advantages offered by a community which has pride in its ability to make everyone welcome.

NATIONAL ATTENTION is now accorded the tiny hamlet of Plains, Georgia, but there was once the day when this town had similar recognition when a native son occupied the White House. The birthplace of Richard Nixon in the background of the lower left photo is marked by a sign resting on a base created out of stones from every State in the Union.

MUNICIPAL GOVERNMENT is the backbone of Yorba Linda and has been since the day of incorporation a decade ago. Civic minded individuals offer their service to the community. The elected City Council counts heavily on the recommendations of several appointed boards and commissions. Occasionally there is a "changing of the guard" as the photo at lower right illustrates as Mayor Henry Wedaa presents a plaque to outgoing Mayor Carolyn Ewing.

Looking at Yorba Linda: Yesterday, Today, Tomorrow

Like so many of the communities which dot the Southern California landscape, the beginnings of Yorba Linda stem from one of the Spanish land grants bestowed upon families in the late 1700's and early 1800's.

These were vast holdings, normally under one family name. As the lure of California grew and the east became crowded...too crowded for many of the adventuresome souls and, for those who yearned for relatively open spaces, golden sunshine, verdant land, and above all, opportunity, California beckoned.

More and more families found their way west. For some the gentle rolling hills, virgin forests, abundant water surrounding the spreading Yorba Rancho presented an appealing place to sink roots.

Yorba Linda became a settlement, then a town. It grew slowly but there was a new generation to discover the area, spawned from the servicemen who were stationed in the Southland during World War II. Many never made it back to the homes they had left, settling instead in California. Others went home but only to gather their families and return.

As did other cities and towns, Yorba Linda grew rapidly but still retained its rural atmosphere. Came the day, a brief 10 years ago, that the residents made the decision that Yorba Linda should be recognized and constituted as a full fledged city. Incorporation occured in November of 1967.

A decade old...a decade young. Changed...yet unchanged. Older residents wistfully watch the reminders of the past, both in people and in places, slip from view. Newer and younger residents worked feverishly to sink their roots.

The wide open spaces of gentle rolling hills lured the developer. Homes, apartments, condominiums, commercial enterprises erupted on land once devoted to farming, grazing, riding, walking.

Yorba Linda is "ON THE MOVE". The status quo can not be retained. The city has so much to offer. Charm, quiet, and vestiges of the past co-mingle with the hustle and bustle of the present.

With change and growth there are problems. Elected and appointed officials at various levels of government face these problems. They solve them, not always to the satisfaction of everyone but in the face of the inevitable...change and progress.

Articles and photos in this Special Edition chronicle the past, present and future of Yorba Linda. They tell of the proud heritage, report on the activities of the 23,000 plus inhabitants of today and look into the future.

Mayor Henry Wedaa's message elsewhere in this Special Edition outlines some of the more vital questions which government and citizens will be called upon to find the answers to those questions.

This is a community which cares. That which transpires in one section has an effect on the city as a whole. This characteristic of Yorba Linda makes it, despite the growth and change, a grouping of neighbors linked in a common cause.

Yorba Linda has not, as yet, fulfilled its destiny. That day may still be many years away. It's ultimate role in the fleshing out of the immediate area, the county, state and nation is still to be determined.

That role will be historically recorded and some day a researcher will come across it in a dusty tome. He will delve into Yorba Linda's beginnings, trace its path to the present day and beyond.

The researcher will find that Yorba Linda, when it was 10 years old, was a city that looked fondly into the past, took pride in its present, and moved resolutely to meet the challenge of its future. He will nod his head as he checks his notes..."In 1977, Yorba Linda was truly "ON THE MOVE!"

Community Information

Yorba Linda, a suburban residential community is located in the northeastern part of Orange County adjoining the cities of Placentia and Brea. It is situated approximately 25 miles southeast of Los Angeles, and 100 miles northwest of San Diego.

Official estimates by the California State Department of Finance for Yorba Linda's population are calculated at 20,700 as of January 1, 1975. This indicates a 3.8% gain from 1974. Between 1970 and 1975, the city's population increased by 74.6%. Minority population in Yorba Linda totaled 8.7% which is significantly lower than Orange County's 14.1% minority population and California's 26.0%. Mexican/Latin Americans comprise the largest ethnic minority with 7.1% of the total city population.

The city was incorporated in 1967 as a general law city governed by a Council-Administrator form of government. The city's general plan with full range city ordinances established was adopted in November of 1972.

Yorba Linda's fire protection is contracted through the Orange County Fire Department, while law enforcement is contracted through the City of Brea Police Department. Refuse collection is contracted through a private firm and city streets are maintained by city crews and equipment.

Residents are provided fine educational facilities by three major school districts; Yorba Linda School District, Placentia School District and the Fullerton High School District. Also within the city are six private elementary schools. Conveniently located nearby are Fullerton Community College, several four-year colleges, and two universities; California State University, Fullerton and the University of California, Irvine. Through these institutions, the higher educational needs of residents are adequately served. Adult education is offered through the North Orange County Community College District and the North Orange County Regional Occupational Program. Extension courses are offered through the two universities.

Shopping facilities are available to residents through four major neighborhood centers within the city. Also available nearby are several major department stores located within large regional shopping centers.

Yorba Linda's accessibility via an extensive transportation network is a valuable asset. Although no rail freight facilities are available within the city, facilities are available within ten miles in neighboring cities. Amtrak passenger service is also available within neighboring cities. Bus services are provided through the Orange County Transit District (OCTD), with linkages to the Los Angeles Metropolitan area. Other bus services include Greyhound and the Park and Ride service of the Southern California Rapid Transit District located approximately five miles from the city. Two major highways, Imperial Highway-Rt. 90 and the Riverside Freeway-State Rt. 91, located in the city afford it important accessibility to the county's extensive transportation system. All major trucking lines which serve Los Angeles and Orange Counties also function within Yorba Linda. Air passenger and freight service is available through the Orange County Airport located ten miles away from the city. Other airports serving the city are Fullerton Municipal Airport four miles away, the Ontario International Airport, and the Los Angeles International Airport.

Water to the city is supplied through the Yorba Linda County Water District with a maximum pumping capacity of 10 million gallons per day. Sewer service is also provided through the Yorba Linda County Water District with use of County Sanitation District No. 2 trunk facilities. A master plan of storm drains and flood control has been adopted with assessments charged on a per acre basis.

City residents receive natural gas service from the Southern California Gas Company and electrical service from Southern California Edison Company. Telephone services are provided through the Pacific Telephone Company.

According to the Area Manpower Review for 1975 published by the Employment Development Department, nonagricultural wage and salary employment in Orange County grew by 3.4 percent in 1975 to 571,700. The growth rate tapered off in the latter part of the year, reflecting the nation-wide slowdown, although the year still ended at an all-time high job level. A well diversified manufacturing base provided 26.4% of the wage and salary jobs with dependence on aerospace contracts greatly decreased from the level of the late 60's. Trade accounted for 25.0 percent of the wage and salary jobs in Orange County, the service industry 19.4 percent, government 16.1 percent, and all other non-farm industries 14.0 percent. The agricultural working force totaled 13,000 in 1974 with nursery stock and cut flowers being the most important crops.

Yorba Linda has 190 business firms which in 1973 provided 1,865 jobs. This provided 0.3 percent of the total Orange County employment with agriculture providing 116 jobs, construction 323 jobs, manufacturing 17, transportation, communications and utilities 25, trade 440, finance, insurance and real estate 54, service 391 and government 495 jobs. Major employers in the community are recreation, construction and retail trade.

The assessed valuation for Yorba Linda in 1974-75 was $58,115,340 as compared to the county total of $6,038,399,428. The ratio of assessed value to appraised value is on a 1:4 basis.

Yorba Linda is the only city in Orange County that has no city tax. Other taxes such as county, education, special districts, etc. range from a low of $9.01 per $100 assessed valuation, to a high of $10.07 per $100 assessed valuation. These rates are among the lowest in the State of California. Retail sales tax is a total six percent, five percent state and one percent city/county.

Yorba Linda has a total of 60 acres presently zoned for planned industry. This acreage remains undeveloped and is presently available in various sizes. The city does not maintain an Economic Development Department although such inquiries are handled by the Yorba Linda Chamber of Commerce.

Residential areas account for the major portion of the city's land area. Housing costs for new homes range from a low of 46,000 to a high of $100,000.

Excellent medical facilities are available to city residents. Yorba Linda has one hospital within its city limits and two within one mile from the city with a combined total of 460 beds. Services provided by the hospitals include diagnostic-radiology, phsical and inhalation therapy, nuclear medicine, 24-hour emergency and intensive care, and mental health.

Recreational opportunities are plentiful in Yorba Linda. Public facilities include; parks, picnic facilities and tennis courts. Also, nearby are the Orange County beaches, regional parks, and bike and horse riding trails. Various commercial recreational facilities are within a short communting distance from the city.

The various churches within the city represent a broad range of religious denominations.

St. Martin's Church

In anticipating the future, t is sometimes good to look back. For it is on past history that today's generation must grow to prepare for the future.

Our first concern here at St. Martin's is a spiritual one and looking back, we see how local Catholic history began with the first little parish church on the Yorba Rancho, dedicated April 29, 1860.

As communities developed new churches were built, so that 110 years after Bernardo Yorba built his first little chapel, we here in Yorba Linda, came into our own in 1970 when St. Martin's was established.

Indicative of growth in Orange County is the newly established Diocese of Orange erected in June of 1976, with Bishop William R. Johnson as the first Ordinary.

Corresponding to physical growth, the spititual activity is evident by our increased attendance at the Special Devotions and functions such as the Candlelight Living Rosary, the expanded CCD program, the Inquiry Class for adults on Monday nights, the Holy Name Society, St. Elizabeth Seton Society, Legion of Mary, St. Vincent de Paul, Senior Citizens and our newly formed Teenager Club.

These various organizations, either working alone or together try to fulfill the spiritual, social and sometimes the financial needs of our parish family. An outgrowth of their spirituality is the charitable activities for which they are so generous.

This year, in addition to each organizations primary function, the combined groups have been promoting a monthly family activity, such as our Picnic, Spaghetti Dinner, and the Mini-Fiesta.

Tradition is being established here. With a well rounded spiritual and social life, our people will deepen their roots in this fertile atmosphere, and become solid citizens not only for Yorba Linda, but hopefully, for their future entrance into Heaven.

Music-Arts Society

Music Art Society of Yorba Linda-Placentia is a non-profit organization interested in promoting cultural activities in the community.

Active in the community for 6 years the society provides music, art and drama scholarships for the youth in the high schools in the area.

The society participates as members of the Orange County Cultural Center Committee, Muckenthaler Center, Channel 50, and Channel 28 patrons, and supports other cultural organizations in Orange County.

Their main fund-raising event annually is the Holiday Preview, a dinner-dance held during the fall.

Membership is open to women in the communities of Placentia and Yorba Linda who are interested in supporting the arts.

The society recently attended a play at Muckenthaler Center, and plans are underway for attendance at two up coming Fullerton Civic Light Opera events.

Membership information is available from Karin Rinnert. President of the organization is Judy Goffin.

Local Branch of AAUW

The American Association of University Women is an international organization for women founded in 1882. The Placentia-Yorba Linda branch was chartered in 1968 and now consists of 125 members.

AAUW is designed to help finance the graduate studies of women through a fellowships program, and to help members continue their intellectual growth. AAUW offers women the opportunity to further the advancement of women and it enables members to discharge their responsibility to society.

Membership is open to women who hold a baccalaureate or higher degree from a regionally accredited college or university in the United States or from a foreign institution recognized by the International Federation of Women.

The Association supports four ongoing interest areas; education, international relations, community and cultural interests, through branch programs and federal and state legislative activity. AAUW serves the local community through a membership involved in study, action and consideration of the concerns of local, national and international importance.

The Placentia-Yorba Linda branch has area representatives reporting significant achievements in education and city government to the AAUW board and members. The area representatives attend school board meetings and keep abreast of the action of the City Council, the Planning Commission and other civic groups.

Since its charter the Placentia-Yorba Linda branch has contributed approximately $6,000 to fellowships donated to deserving women throughout the world for advanced study.

The branch has been continually active in community service projects. The past year the branch published a booklet pinpointing historical sites within a 10 mile radius.

The Placentia-Yorba Linda branch meets on the first Thursday of each month in the Placentia-Linda Hospital community room. Each monthly meeting explores an aspect of the year's program theme, "The 21st Century - Deciding Now."

Members also have an opportunity to participate in special interest groups including gourmet, bridge, tennis, play reading, literature, crafts and couples discussion.

The Placentia-Yorba Linda branch is planned to provide participants with the opportunity "To understand...to identify...to dare...to risk...to become a more effective force for constructive change."

PASTORAL SCENE, looking from atop the knoll towards Casa Loma, is the site for the new Education Center and other facilities for the Yorba Linda School District.

YLSD "On the Move"

1977 is truly an "On The Move" year for the Yorba Linda Elementary School District.

Buoyed by a grant of some $2.8 million dollars from the federal government under the Public Works Act, the district will realize a long term goal of acquiring a new Education Center and related buildings at a site south of Yorba Linda Jr. High on Casa Loma.

Although actual construction will not be finished until sometime in 1978 the facilities will greatly enhance the districts capabilities of educating the 2,400 children who attend classes in the five schools.

In addition, it will centralize the administration of the district by grouping a Central Kitchen and Transportation Maintenance operations into one location.

Further, the new buildings will be geared towards the day, if it becomes a realization, when the District will be unified.

That is the other major project which the District is pursuing. Having failed to effect a merger with the Placentia Unified School District, unification is now the vital issue within the District.

Whether or not to pursue this course will be decided at various county and state levels of school government this year with local decisions to follow in their wake if the other decisions are favorable.

The YLSD would, if approval is given, expand from the present five schools which educate from kindergarten through the eighth grade into a district which will add schooling up to the senior year high school plane.

Also in the offing is a Board of Trustees election in March. At that time, at least one new member will be added to the board as a present trustee, Mrs. Shirley Guardia, is not running for reelection.

Board President Paul Armstrong is a candidate for reelection. So is recent appointee, James Bartel. The other members of the board are Gerald Rost and Rob Cromwell.

Administrators of the District are Superintendent Sterling Fox and Deputy Superintendent J. Elton Patridge. They are headquartered at the Education Center in the Linda Vista School on S. Ohio.

District enrollment presently exceeds 2,400 children by a slight margin. The largest school population is at Yorba Linda Junior High on Casa Loma which has 627 students. John Best is the Principal.

Mabel Paine School on Plumosa accommodates 565 students. Dan Wilkinson recently replaced the retired Al Stefan as Principal.

Linda Vista School on S. Ohio under Principal Don Anderson and Rose Drive School with Janet Juhan as Principal have 448 and 447 students, respectively.

The district's oldest school, the Richard Nixon on Yorba Linda at Eureka, has 315 students. Chuck Hammond is the Principal.

CITY SERVICES

Type of Local Government: Council Manager
City Planning Department Services:
All planning and zoning inquiries; current and proposed developments; conditional use permits; variances; size permits; and other special projects
Comprehensive City Plan: General plan adopted November, 1972. Updated periodically to meet state requirements.
City Zoning Ordinance: Adopted November, 1972. Revised periodically as needed.
Regulation of Industry: Development plans must be approved by Planning Commission.
Subdivision Ordinance: Basically follows state subdivision MAP Act (March, 1975).
Economic Development Services: None

RANCHO SAN ANTONIO

The adobe house of fifty rooms was built by Don Bernardo in 1834 and it developed into one of the largest and finest ranchos in Southern California. The only remaining trace of the adobe now is a California State Historical Landmark numbered 226. LOCATION: East on Esperanza Road from Imperial

Mayor's Message

BY MAYOR HENRY WEDAA

The theme of "Yorba Linda ON THE MOVE" is certainly appropriate for this issue of the STAR for Yorba Linda is truly "On the Move."

As a City we are expanding our boundaries, we are building many homes and have many more in the planning stage...new homes for future Yorba Lindans.

While those of us who have been residents for a long time have certainly seen a significant change, undesirable through some eyes and desirable through others, the City has been able to control the quality and density of these developments so as to retain much of the charm of Yorba Linda.

While some of us, perhaps, would prefer all of our surrounding property as open space, this is only possible when we, as individuals, are willing to buy the property and continue to pay the taxes ourselves, with little or no return.

In the older parts of the City, building space is becoming scarce and many of the vacant lots are being built upon. Here, too, your City administration and staff works to retain many of the desirable qualities already existing.

As might be expected, a growing City has many problems and controversies. For example...shall we continue to retain the Brea Police Department to satisfy our police needs or should we establish our own police Department?

Shall we embark on a large park acquisition program or do we have enough property in parks? Shall we initiate a city property tax to pay for needed improvements? Shall we take the initial steps toward development of a combination City Hall-Community Center?...and so on.

There are many proponents and opponents on each of these issues. As a result of much public input, which is an operational trademark of this City, decisions will be made in the near future.

With the continued involvement of our local residents, the City administration and staff can develop the type of City we all want...a city that remains "small" yet is always "ON THE MOVE."

Evangelical Free Church

The Evangelical Free Church of Yorba Linda was organized in January of 1969. After meeting in rented facilities for three years, a six-acre piece of ground was purchased on Richfield Road. A multi-purpose building, including a sanctuary with a capacity of 299 people was completed in January, 1972.

The second phase of the building program was completed in December of 1975 with the construction of a $250,000 Christian Education building. The church is located at 5320 Richfield Road.

Membership of the church now stands at 402 with weekly attendance running substantially above that figure. Two morning services are held each Sunday morning at 8:30 and 11 a.m. with a Sunday School hour at 9:45 a.m. Sunday evening services are at 6 p.m.

A full program of children and youth activities are held each Wednesday evening along with Bible studies for adults in various homes of the congregation.

In its missionary outreach the church shares in the support of 11 foreign and 9 home missionaries plus missionary organizations.

Its ministerial staff includes Eugene Ongna, senior pastor; Kenneth Thengvall, associate pastor; and Brent Carlson, Youth pastor.

The church is affiliated with the Evangelical Free Church of America, a denomination of 646 congregations.

PLCH Guild

Placentia-Linda Community Hospital officially opened its doors September 27, 1972. At that time, a Founders' Committee of 11 women from Placentia and Yorba Linda had been appointed to initiate a service guild within the hosiptal.

Membership in the Guild at Placentia-Linda, is open to all desiring an opportunity to "give". Membership in the Junior Guild, young people, 16-years or older, is open as well.

General volunteer services include: supplying and circulating the library book cart; blood replacement program; knitting foot warmers donated to patients upon request; hosting monthly pre-op parties, for children scheduled to be admitted for surgery; monthly workshops to make "Lindy Lion" (mascot) pillows for children admitted to Placentia-Linda, as well as staffing the hospital Gift Shop.

Gift shop profits are donated in the form of scholarships to young men and women aspiring to careers in the medical field. Scholarship recipients are selected from the Placentia-Yorba Linda area.

Applications and further information may be obtained by contacting the Guild Membership Chairman at 993-2000, Extension 334.

Chamber of Commerce

Like most cities in the United States, Yorba Linda maintains a Chamber of Commerce. Yours was founded in 1913--dedicated to the support and enhancement of the American private, competitive enterprise system, including its healthy growth here. Non-

DON SISSON, President

partisan in its make-up, structure, programs, and membership of men and women, the Chamber encourages participation and membership action by every reputable individual, association, corporation, partnership, business or estate interested in com-

BOB BOOZ, Treasurer

merce, the professions, government, and business generally, in the Yorba Linda Marketing area. Each application is accompanied by a modest annual membership fee, after which approval of a majority of the Chamber's Board of Directors is required.

"All present and future Yorba Linda citizens, and those interested in the Yorba Linda market picture are urged to contact the Chamber office any weekday from 9 a.m. to 5 p.m., located at the corner of Main and Lemon Streets (4799 Main). For information, call (714) 993-5820.

All forms of vital economic information are supplies by the Chamber to those who call for it; the fostering of various projects designed to create and maintain more interest in Yorba Linda and its people. Complete records and explanations of the Chamber's work are available for the consideration of visitors. All major projects of the Chamber are reported widely in the area press.

Some idea of the fantastic history and background of the Yorba Linda Chamber of Commerce will be gleaned from an historical roster of its 42 presidents since founding of the organzation in 1913:

1976--Susan Brown; 1974,75--J. Elton Patridge; Robert Hollingsead; 1971--Carl Tice; 1970--Jack Bisson; 1969--Larry Swenson; 1968--Dr. Robert Meador, DDS; 1967--Bob Mitchell; 1966--Roland Bigonger; 1965--William Carter; 1964--Howard Lanham; 1963--Maurie Shirk; 1962--Lee Barton; 1961--Jack Falkins; 1960-1959--Len Ducker; 1958--Mrs. Jean Edwards; 1957--Jack Casparie; 1956-1955--Mrs. Dorothy Poundstone; 1954--Val Lucas; 1953--Fred B. Nixon; 1952--John H. Anderson; 1951--Leslie Mathews; 1950--J. Vernon Jones; 1949--Hoyt Corbit; 1948--A.B.Stephens; 1947--John H. Parker; 1946--Avalon A. Adams; 1945-1944--W.H. Barton; 1943--Evan Townsend; 1942--Herbert Worsham; 1941--Homer J. May; 1940-1939-1938--S.M. Rosendale; 1937--Ralph McGuire; 1936--Phil Ton; 1935--Mr. Simmons; 1934--Mr. Casparie; 1933--Phil Ton; 1932-1931-1930--Mr. Stahler; 1929--C.M. Vernon; 1928-1927-1926-1925-1924--Mr. Hargrave; 1923-1922--R.E. West; 1921-1920 1919-1918-1917-1916--V.C. Dillingham; 1915-1914-1913--Tom B. Welch.

George Kellogg, still a resident of Yorba Linda, served as Chamber Secretary-Manager during World War II years.

The 1977 Chamber group of elected officials is composed of:

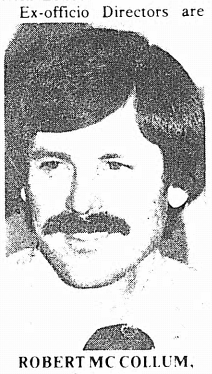
President Don Sisson, Vice President Joe Soto, Secretary Robert McCollom, Treasurer Robert Booz, Past President Susan Brown. With Director Vincent Jones this group serves as the Executive com-

JOE SOTO, Vice President

mittee.

Other Directors include Jim Arkison, Roland Bigonger, Jacinta Foley, Norman Lytal, Norman Mack, Elton Patridge, Danny Weinberg, George Weiss, Richard Yarter and Nick Zenos.

Ex-officio Directors are



ROBERT MC COLLUM, Secretary

City Council members Anton "Doug" Groot and Whit Cromwell.

"As of this date, the Roster of Members of the Yorba Linda Chamber of Commerce is in excess of 200 men and women--all leaders in their respective fields of endeavor--all sharing in the past, present, and potential experiences and hopes for the future

YORBA CHAPEL and YORBA SCHOOL—Both were built soon after the Rancho San Antonio in 1834. They were the first school and church built in Orange County, excepting Mission San Juan Capistrano.

Christian Science Society

On Sunday, December 13, 1964, Christian Scientists held church services for the first time in Yorba Linda, at the Masonic Temple on Main Street.

The group was officially recognized by The First Church of Christ, Scientist, in Boston, Massachusetts, as a "Group of Christian Scientists." In 1966 the name was changed to Christian Science Society, Yorba Linda, another progressive step toward being known as a church.

In 1967 the Society moved to its present location at 4862 Olinda Street.

Services are held the same as in all Christian Science churches throughout the world. The Sunday services are comprised of readings from the King James Version of the Bible (read by the Second Reader), and correlative passages from the Christian Science textbook, Science and Health With Key to the Scriptures by Mary Baker Eddy, the Discoverer and Founder of Christian Science (read by the First Reader).

First Reader Carole Jasper and Second Reader Edna Bayliff are currently serving three-year terms in office.

Wednesday evening meetings include readings, testimonies of healing, and experiences and remarks on Christian Science.

All are welcome to attend the services and to share the healing message of the Christ, reaching out to bless the community and all mankind.

Sunday School is held for young people up to the age of twenty. A Reading Room, located next to the church, is open to the public every day except Sunday, as well as Tuesday evenings.

The Reading Room is the place to inquire about Christian Science, to use for quiet study, and to borrow or purchase the Bible and Christian Science literature.

Little Friends Pre-School

Little Friends Pre-School, owned and operated by Rose Drive Friends Church, is planning an expansion of its playground and addition of more equipment in the coming year.

The school and day care center began in 1969 with 40 students. Today it operates at its present capacity of 94 per day. Because some students follow a two-day and three-day per week schedule, the total enrollment numbers 160 students.

Director Christy Minton leads a staff of 10 teachers and five day care workers. The school operates in the mornings from 9 a.m. to 12 noon. The day care functions take over with lunch, naps and afternoon recreation for those who desire it. Open House, Dad's Night and special programs involve parents in this active pre-school.

The school intends to provide a climate of understanding for the young child to develop a positive self concept and vital social skill. The various activities also promote Chrisitan nurture and provide for growth of all types, physical, emotional, spiritual and intellectual.

Rose Drive Friends Church operates the pre-school as a service for the community. A non-profit operation, its modest fees underwrite the cost of its services.

Little Friends Pre-School has a waiting list at the moment, but hopes to expand its enrollment with the proposed increase in space.

GRETCHEN SULLIVAN and her class at Little Friends Pre-School at Rose Drive Friends Church.

Youth Employment Service

The Yorba Linda-Placentia Youth Employment Service serves youngsters ages 14-18 living in the area. It is sponsored and staffed by the Yorba Linda District Library and its task is to get young workers and employers together.

Prospective employers contact program directors Elva Stewart or Lori Karns at least 24 hours in advance and outline the job requirements. The directors then select from the applications' file one or more youngsters whom they feel are qualified and the youths are called.

If they are interested and available, they must contact the employer. They must also reach an agreement regarding hours, wages and transportation arrangements.

Later, the employer is contacted by one of the program directors to find out whether or not the applicant's work was satisfactory. This comment is then noted on the application.

According to the directors the jobs are usually temporary: child care; yard clean up and the like. However, they add, there are occasional requests from local businesses for permanent part-time help.

Young people who would like to sign up with Y.E.S. must come in personally and fill out the application form anytime during library hours.

Anyone wishing to hire temporary help through the Y.E.S. office may call during library hours. Library hours are Monday-Thursday from 9-9, Friday and Saturday from 9-6. The phone number is 528-7039, ext. 0.

YMCA Branch

As a result of strong support from the community, especially from the local businessmen, Yorba Linda now boasts a branch YMCA. This is unique for a smaller city.

National YMCA guidelines state that generally a minimum population of 50,000 is needed to support a branch YMCA. But Yorba Linda accomplished this feat in two years with the help of an active Board of Managers, strong financial support from the business community and strong participation by residents in YMCA programs.

In two years the YMCA has grown from 500 participants to 2,600. In 1977 well over 3,000 are expected.

The Yorba Linda YMCA is not a traditional building with ready made facilities. It is a small house on Lakeview which contains the offices necessary to develop and run programs throughout the community in existing facilities. It is a unique concept.

Its swimming classes are held in 30 different private pools so that people can learn to swim in their own neighborhood. Sports leagues include instructional football, basketball, and baseball for 6, 7, and 8 year olds and are conducted at local elementary schools.

Values and sportsmanship are continually stressed. Gymnastics, karate, wrestling, and basketball for all age youngsters are held at the local high school or junior high school and in the case of basketball, at various elementary schools.

Parent-child programs for father-son (Indian Guides), father-daughter (Indian Princesses), and mother-daughter (Indian Maidens) meet as tribes in local homes throughout the city.

They provide companionship between parent and child through camping trips, parties, service projects, tribal meetings, and outings.

Camps of all sorts: day camps, resident camps, adventure camps, backpacking trips, canoe trips are all available through the co-sponsorship of the Yorba Linda YMCA and North Orange County YMCA camping services.

The resident camp, Camp Edwards, is located in the San Bernardino mountains in a beautiful setting 7,100 feet high.

Clubs such as senior high backpacking, recreational leadership classes (where teenagers train to be camp counselors and recreational leaders), and proposed rock-climbing and ski clubs meet at the Y or in the local schools.

Adult programs include softball leagues of many types; mens, co-ed, and church leagues. Yoga is held at the local library, and the Y's Mens Club (a YMCA service club) meets at the Alta Vista Country Club.

The YMCA in Yorba Linda has grown quickly and will continue to grow. Programs under development for 1977 include a summer day camp in Yorba Linda, an intensive after school program for junior high kids whose parents work, a fun bus for outings during school holidays when the parent is working, and various fitness programs.

Babysitting Co-op

The Yorba Linda Babysitting Co-op is a real budget booster. For many years, budget minded mothers (and fathers), of Yorba Linda and Placentia have used a babysitting co-op as a means of stretching budgets, easing minds, and making a lot of parents and children happy.

Brought to the area 13 years ago by a lady (who's children are now grown), the co-op was started with three friends, it now has an active membership of 16 and is always seeking interested mothers for new members.

At the onset of membership, a $5 deposit is collected (which is refunded when members resign in good standing). Dues of $2 are collected once a year which go towards incidentals, such as stamps and postcards which are used each month to inform all members of brief, informative (fun) meetings held in the home of the incoming bookkeeper.

The club functions on a point system. Members needing baby sitting services from fellow members, call the bookkeeper to request a specific sitting time. The bookkeeper, in turn, checks her records for the members with the most minus points and asks if she could take a "sitting" job.

If the sitter can accomodate the "gadder" (the one who goes), the sitter then verifies the time and date with the gadder. The points are called in upon completion of the sit to the bookkeeper.

The sitter makes plus points towards her minus total, and the gadder subtracts points from her total. For each hour of sitting, the sitter receives four points: the points are double between the dinner hour of 5 p.m. and 7 p.m. and after 1 a.m.

Co-op members reside in Yorba Linda and eastern Placentia. The boundaries are: Kraemer on the west, Orangethorpe on the south, Imperial on the north (including the Landmark tract), and Yorba Linda city limits on the east.

All members take an active part in day and night sits and share the duties of officers and bookkeepers throughout the year.

Anyone interested in more information or an interview are asked to call any of the following members: Brenda Pinkston 993-9851, Eloise Willey 526-3256, Cheryl Kasa 528-1848 or Suzie DeVore 996-3903.

YL Woman's Club

Civic betterment, community involvement, and creative homemaking and living have been the theme of the Yorba Linda Woman's Club since its inception in 1912, when nine neighbors banded together with the thought that "Strength united is stronger."

The late Hanna Nixon, mother of President Richard M. Nixon, was one of the charter members who walked the dusty roads to meetings held in private homes.

In 1913, the club was federated with the county and meetings took place in the schoolhouse. In 1924, the club joined the State Federation and then in 1950, joined the General Federation of Woman's Clubs.

With the proceeds from the sixth annual Orange County Federation of Woman's Clubs Convention held in 1917 in Yorba Linda, the members purchased a $500 Liberty Bond and in 1912, used it to purchase the land for the clubhouse. The building was completed in 1922.

The oldest annual flower show in Orange County was first held in 1930. Some of the city streets have been named by members; the new library was completely landscaped by the club's Garden Section; the club sponsors a monthly art exhibit at the library.

The Bridge Section actively participates in all club projects. The group involves itself in the annual Fiesta Days' celebration by sponsoring a pancake breakfast.

In keeping with the membership's interest in youth, art and academic scholarships will be presented this spring to five students in the Yorba Linda area.

Assistance to the needy and handicapped has been rendered many times and an active interest has been maintained in the children at Juvenile Hall. Indian Affairs has been an avid interest of the club for many years. Mrs. Kenneth L. Smock, present Indian Affairs Chairman, holds knitting classes for students at the Sherman Institute in Riverside during the school year.

One of her recent projects has been the distribution of nutritional literature to the residents of the Moranga Indian Reservation and the preparing of layettes for the newborn at the Sage Community Hospital at Ganado, Arizona.

Mrs. Leo J. Brough, who is serving her second term as club president, feels that participation in the club's activities is a creative way in which new residents may integrate into the community and find new friends.

Her motto for this year is, "Reap the Golden Harvest," and her theme is "Sow the Seeds of Friendship and Reap the Rewards of Everlasting Companionship."

The club looks forward to the future and is always seeking new areas wherein to better serve the community.

Those wishing information on membership may call Mrs. Brough at 524-7[illegible].

Esperanza Band Boosters

The Booster Club of the Esperanza High School Instrumental music program has been in existence almost since the inception of the school in 1974.

The purpose of the club is to support the marching band, it's auxiliary units and the school's instrumental programs by encouraging participation and by furthering activities and by raising and disbursing funds to support these activities. This is a non-profit, and non-political organization.

Esperanza's exceptional performances during the past season prompted band director Mr. [illegible] Larson to express the unit as being [illegible] as one of Southern California's finest.

Since the school [illegible] the band has increased to a point that [illegible] necessary for new uniforms for the [illegible] 1978 season. A minimum goal of $2[illegible] and many fund raisers planned [illegible]

Tentative [illegible]

1. An [illegible] being sold by band members [illegible] the award winning band.
2. A [illegible] by band members.
3. A Bike-a-[illegible]
4. A pizza sale [illegible] members will be delivering pre-ordered [illegible]
5. A spaghetti [illegible]
6. A spring rally
7. A Going [illegible]
8. A White Elephant [illegible]
9. A fireworks [illegible] Angels Boys Anaheim, center.
10. A carnival
11. Annual Orange [illegible]

The Booster Club [illegible] those things so necessary for the [illegible] organization.

In addition to the [illegible] of all of the above fund raisers [illegible] continuous time must be spent in the [illegible] and cleaning of the existing [illegible] assisting at all the home and away [illegible] the parades and competitions the band [illegible] and helping with the concerts and band [illegible]

The Esperanza Band [illegible] unit which is a source of pride to [illegible] and the Booster Club is honored [illegible] associated with its development.

Service League

One of the best known events in Yorba Linda is the annual Fiesta Days and the parade commemorating the anniversary of the city's incorporation.

While virtually the whole town participates in the festivities, many residents are unaware of the organization which originally thought of the idea, and every year coordinates the activities as well as organizing and running the parade--the Yorba Linda Service League.

The Service League was founded in 1957 by a group of women concerned with what they could do to better the community. Over the years the group, which is limited to 40 members, has undertaken a number of projects including raising and planting trees throughout the town; organizing, and for many years running the Youth Employment Service; helping the Library move both into the present building and into the enlargement which was added later; and founding the Yorba Linda Historical Museum.

This year, in addition to making plans for the 10th annual Fiesta Days the week of October 27-29, the League has just published its 10th edition of the Directory of Yorba Linda Organizations. This useful booklet is available at the Star office as well as City Hall and the Chamber of Commerce.

The League has also voted to assist the YMCA in youth activities.

To finance the Service League's projects three fund raisers are planned this year. A bridge luncheon was held January 26th while a tennis tournament and evening party will take place later in the year.

The president of the League is Lorraine Alley. Serving with her are first vice president, Doris Foulds; second vice president, Margo Mohn; third vice president, Ann Bailey; recording secretary, Joleen Matych; corresponding secretary, Barbara Shields; treasurer, Karen Kemp; and parliamentarian, Rene Kamin. Carolyn Ewing will be the 1977 Fiesta Days Coordinator.

BIT OF HISTORY-John Quincy Adams, a direct descendant of one of the most illustrious persons in the group which brought the United States its independence, is a resident of Yorba Linda and was featured prominently in local Bicentennial activities.

Messiah Lutheran

"Big Enough to Serve You—Small Enough to Know You." That is one way the lively congregation of Messiah Lutheran Church has been described.

Located at 4861 Liverpool Street, just northwest of the old Alpha Beta Center, the congregation meets for worship services at 8:30 and 11 a.m. on Sundays, with Sunday School for all ages, including an Adult Bible Class taught by the pastor, at 9:40. Child care is provided during these times.

Their young pastor, Dan Storvick, says this of his 500-member congregation, "In my short time as pastor of Messiah Lutheran Church I sense that the members here are committed to Christ and are looking for effective ways of living out that commitment. They are hungry to be fed with the Word of God and challenged by the great commission of Christ. It is really exciting to be part of a church that has a mood of expectancy, of growth and hope."

The programs of the church feature a full scope of Bible studies, women's fellowship, junior and senior high youth fellowship, classes for those interested in discovering more about the Lutheran faith, choirs and pastoral services.

One interesting facet of the congregation's life at this moment is their work in developing a "Mission Statement" - an answer to the question, "How can the people of Messiah Lutheran Church best serve God in the community of Yorba Linda?"

The statement will be the first part of a five-year plan for the congregation, listing the possibilities for growth and service in the community, as well as in the lives of its members.

Yorba Linda Star

★★Yorba Linda Star★★

The role of a hometown newspaper in a community is vital to the well being of that community. Residents have a large measure of dependence in the newspaper.

They look to it, individually and collectively, to inform them of what is happening in their town. They can learn about happenings in the far flung corners of the earth, across the nation and in the cities adjacent to them from the daily metropolitan newspapers; from the television newscasts and radio news reports.

But, only in their hometown newspaper can they read about the births, the fund raising activities of the clubs they belong to, the athletic achievements of their sons and daughters, the extent of the accident at a busy intersection, the damage caused by a residential fire, the discussions and actions which take place at meetings of governmental bodies.

The photographer for the hometown newspaper records the annual civic celebration, the visits of dignitaries, the local sports events and special events of all descriptions.

This, and much more, goes into the news columns of the hometown newspaper. It is one of the main sources for local historians to consult when they research the background of their city.

The hometown newspaper informs, educates, entertains, comments, editorializes, reports. It does all of this with the support of merchants who inform their customers of their wares and services through advertisements in the hometown newspaper.

This could be any local newspaper in any of hundreds of communities throughout the nation. In Yorba Linda, it is the STAR.

It is a role we are privileged to play. It is a challenge which we gladly face. It is a responsibility which we accept. It is a business in which we offer a unique product.

The Star is proud to carry the name of Yorba Linda in its masthead. The Star is vitally interested in the welfare of Yorba Linda. The Star pledges to fulfill its commitment in the future as it does in the present and as it has in the past.

Jane Caswell, Publisher

MAKING FRIENDS-The young lady in the bear costume was the focus of attention at Fiesta Days as she greeted the thousands of children who attended the Parade. Fiesta Days is the city's annual civic celebration.

Friends of Library

One function of the Friends of the Library is to cultivate a closer relationship between the communities and the library.

Bibliomaniacs flock to the Friends' annual used book sale, where rock-bottom prices are the order of the day. This year's sale is set for May 7th. Collection baskets are located in the library for the convenience of patrons who wish to donate books.

Proceeds from the book sale are returned to the community when the Friends arrange for programs and items that are not included in the library budget.

Through the efforts of the Friends, Roses Grier made a guest appearance at the Yorba Linda District Library. His "sing-a-little, talk-a-little" performance captivated the audience.

During Yorba Linda's Fiesta Days celebration, the Friends have hostessed Open House at the library, sold homemade breads and entered a classic 1934 Packard in the parade.

The Friends's Bicentennial project was to purchase segments of Alistair Cooke's film series "America" for the library. Funds have been raised through the "Bike Ride for 'America,'" a bike-a-thon in which 200 people of all ages participated.

Membership in the Yorba Linda Friends is open to all in the community and President Pat Baur may be contacted at 993-3786 for further information.

Placentia Presbyterian Church

Placentia Presbyterian Church was formed on August 4, 1912 with 26 charter members. Today, 65 years later, the church, with nearly 800 members, offers to the cities of Yorba Linda and Placentia, as well as other North Orange County communities, a wide variety of spiritual, educational, social, and youth oriented programs.

The tragic fire of August 30, 1976, which destroyed the church office and caused severe smoke and heat damage to the pastors' studies and sanctuary, resulted in inconveniences in facility space, but no curtailment of activities and programs. On January 23, 1977, five months after the fire, the newly refurbished and redecorated sanctuary was ready again for worship.

Two new pastors have recently joined the staff of the church. The Reverend James E. Long, Jr., former associate pastor of Tustin Presbyterian Church, was called as Pastor in November, 1976, and the Reverend F. David Throop, from the First Presbyterian Church in Sac City, Iowa, began his duties as Assistant Pastor this month.

Weekly church activities include: Women's Breakfast and Bible Study; Men's Breakfast and Fellowship; two Womens' Bible Study groups, and an Adult Study Seminar.

Also, Carol Choir (1-3 grade); Chalice Choir (4-6 grade); two Handbell Choirs; and the Chancel Choir of 50 voices; Junior High Youth-In-Depth and Fellowship programs; Senior High Youth-In Depth and Fellowship programs; and Young Adults (college-age and young marrieds).

Meeting monthly are three Womens' Fellowship Circles, as well as an active Mariners program with over 200 members.

Sunday worship services are held at 9 and 10:30 a.m., with Church School at 10:30 (nursery through high school). During the 9 a.m. hour, child care is provided through nursery for three-four year olds. The Church School office staff is ready to assist and welcome those who may be coming for the first time.

Placentia Presbyterian Church extends a hand of welcome to those new in the community who may be looking for a church home.

Littlest Angel Guild

The Littlest Angel Guild was organized in 1965 and is one of the 15 fund raising guilds for the Childrens Hospital of Orange County.

All funds go to the Childrens Hospital to defray the deficit incurred by families who cannot afford to pay the full cost of medical care for their ill or injured child.

Through the devotion and hard work of the guild members some small child can once again laugh, smile and play again.

Active membership is invitational and limited to 50. The active members are supported by 54 associate members.

There are various fund raisers throughout the year; Christmas Card Sales from August through November and a Bridge Marathon Tournament that plays from October to May.

Our ever popular annual "Heavenly Hackers" Ladies Golf Tournament is in June and "Divine Dealers" Bridge Party and Fashion Show-Luncheon is scheduled each spring.

This year our first Holiday Boutique and Home Show was such a huge success it will be a must for next year. Other fund raisers are planned by the Guild, including participation in several combined guild activities.

The Littlest Angel Guild sponsors the "Choc-ettes", a group of 24 teenage girls between 14-18 years of age, who plan fund raising activities of their own and assist where they can at the Hospital.

Officers for this year are: Mrs. Carl Scanlin, president; Mrs. Robert Johnson, 1st vice president; Mrs. M. A. Barnes, 2nd vice president; Mrs. Robert Rodgers, corresponding secretary and Mrs. Wilbur Wright, treasurer.

CHAMBER OF COMMERCE YORBA LINDA LAND OF GRACIOUS LIVING

A History of the Yorba Linda County Water District

We knew you were coming way back in 1909. Instead of baking a cake, we dug some water wells. Thus the Yorba Linda Water Company, a non-profit mutual organization, was developed for the Yorba Linda Tract owned by the Janss Investment Company and the original land owner Jacob Stern.

During the first fifty years the water was primarily used for irrigation. The 35 miles of pipe was more than adequate for our 900-plus customers. Even the 54 fire hydrants kept us from being burned out. The five million gallon reservoir dug with horses and mules provided all the pressure needed. In fact, the reservoir has been kept with a few modern modifications, including concrete lining, protective fencing, and new roof.

On a vote of the people, the Company was changed to the District. Later, the approval of the voters was received to sell improvement bonds to build booster pumping stations, reservoirs, and large pipe lines to provide the needed constant pressure for homes, fire protection, and irrigation. New developers provided money to construct sewer lines to carry the waste water to the Sanitation District Treatment Plant in Fountain Valley.

Until 1961, all residents had cesspools and septic tanks. Today, more than 80% of our 9,000 water customers are hooked up to the sewer service.

The sewer service department, under the stewardship of the District board of directors, has incurred no bonded indebtedness, to provide service to the customers. New sub-divisions and residents, who wish to change from cesspools or septic tanks, simply pay the standard hook-up fees for the service and the regular monthly maintenance charge and make their connections.

Before we started growing, everything was done by our 12 employees. In 1962 we peaked with 35 on the rolls, but have since cut this back to 27 employees who know that they are subject to emergency calls, 24 hours a day, seven days a week.

The District is a governmental body, administered by a five member board of directors, elected by the people to serve staggered four-year terms.

Our service area includes portions of Anaheim, Brea, Placentia, Yorba Linda, and the County of Orange, about 30,000 people. Water comes from three sources, northern California (temporarily curtailed), deep wells, and the Colorado River via the Metropolitan Water District. The installation on the hill just north of town is the Diemer Filtration Plant where the Metropolitan Water District treats the water before selling it to us.

We have been through the horse and buggy days, but the old Board had vision. Their Master Plan has been put to work, and with their planning in the '50's, we are ready for the future.

The Yorba Linda County Water District is here to serve. If you have a question, please ask one of us. We may be contacted 24 hours a day at 528-7226. Regular public meetings are held on the second and fourth Thursday mornings at 8:30 a.m. at 4622 Plumosa Drive (north of the Library). Our manager is Ralph Shook. Our outdoors people (maintenance men and meter readers) are all in uniform. We want you to know who we are.

Sincerely,
Your Board of Directors
Fred Clodt, President
M. Roy Knauft, Jr., Vice-President

With Everything Costing More These Days....

HERE ARE SOME GREAT BARGAINS

THIRST QUENCHER

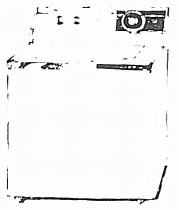
Enjoy 206 glasses of refreshing water. Only

1 cent

LIQUID CLOTHES CLEANER

100% of clothes washers agree, water is the only way. Use a full load of clothes and save more.

2 Cents a load plus soap.



CHEAP AS WATER IS. . . WE DO NEED TO CONSERVE

TRY THESE WAYS:

Hand Washing — use the sink stopper
Cold Drinks — one less ice cube will count
Cooking — use a lid for better flavor and less cooking time.
Tub Bath—a half full tub cleans as well as a full one; less chance of a mess, too.
Showers— do it the U.S. Navy way. Get wet, water off. Soap, water on, and get out!
Drinking—keep a container in the refrigerator; saves running the tap for cool water.
Clothes Washing—Dish Washing—do a full load.
Sidewalks and Driveways — use a broom, maybe you need the exercise anyway, plus you could save as much as 300 gallons.
Plants — if outdoors, use mulch where you can.
Lawns — learn to deep water, the grass likes it and you will too when you discover the water you are saving.
Dripping Faucets — one little drip can waste 50 gallons a day; that's 1,500 gallons a month!

WE STILL MAKE HOME DELIVERIES —24 HOURS A DAY, EVERY DAY —

Yorba Linda County Water District

CHAMBER OF COMMERCE YORBA LINDA LAND OF GRACIOUS LIVING

Church of Christ

The Yorba Linda Church of Christ began meeting in the Yorba Linda Womens Club building January 1, 1966. Several of the charter members are still worshipping with the congregation.

V. Glenn McCoy was the first minister and has continued with the group throughout the years. Bill Ball served the congregation as associate minister in 1972. Duane Canby has preached for the congregation for four years, beginning in 1973. Don Sullivan and his family began working with the congregation February 13, 1977. They come from Minot, North Dakota.

After three and one half years of meeting in the Womens Club, the Church finished construction of its present building located at 4382 Eureka Avenue, Yorba Linda. The first worship service was conducted in October, 1969.

The Church of Christ patterns itself after after the church that we read about in the New Testament. This includes its organization with elders and deacons. The elders exercise the oversight of the congregation and the deacons are special servants. The ministers and all members work and worship under the oversight of the elders.

From the beginning the Church of Christ in Yorba Linda has been active in support of mission work. The group sponsored missionaries to the Island of Tonga early in its existence. Presently, they support the Frank Alexander family (Frank, Evelyn, Frank Jr., and David) who are missionaries in Zambia, Africa.

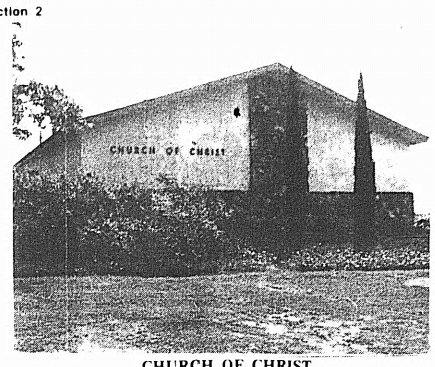
The City of Children orphanages in Ensenada, Mexico is supported by members of the Church of Christ. Approximately 180 homeless children are cared for in two separate homes.

The Yorba Linda Church of Christ financially supports five of these children, plus supplying additional support for general needs. Earl Farmer, the American director of City of Children, is a member of the Yorba Linda congregation.

The brown and gold "JOY BUSSES" seen about town filled with happy, singing children are from the Church of Christ. The JOY BUS program has been in existence about a year. Any child or adult may have a free bus ride to and from Sunday School and worship by calling 528-8577.

The Church of Christ welcomes all visitors to all services. Services are conducted at 9 a.m. with Bible classes at 10:15 a.m. on Sunday morning. Sunday evening at 6 p.m., and Wednesday Bible classes at 7:30 p.m.

The Church of Christ uses the Bible as its only rule of authority. It believes in the virgin birth of Jesus, congregational autonomy baptism by immersion for the remission of sins, preaching the gospel as God's power to save the lost, observing the Lord's Supper each Lord's Day, and taking no creed other than the Bible.



CHURCH OF CHRIST

FIRST CHURCH BUILDING—The building was built on land donated by the Janss Investment Company on School Street. It was chosen to become a church of the Society of Friends. The first meeting was held on August 11, 1912. LOCATION School Street between Lemon Drive and Yorba Linda Blvd.

FIRST WOMEN'S CLUB—The Women's Club was established in 1912. The first Women's Club Building was built in 1922 on the corner of Yorba Linda Blvd. and Valencia Avenue.

United Methodist

If the United Methodist Church of Yorba Linda was to be described in just one word it would have to be "involvement." It's found not only in the life of the congregation but the community and world as well.

The church directs this involvement into three categories, worship, education and mission. The worship service is so designed as to allow individual expression. This is done through the periodic choosing of hymns to the sharing of joys and concerns during the worship hour.

The Rev. Dean Humbert, pastor, recently implemented a response period after the sermon, enabling the congregation to have further participation and involvement on Sunday morning.

There are numerous choirs for all ages, from vocal to bell. The adult Hosanna Bell Choir has played concerts around the area and the teenage Sonrise Ringers will be going on tour this summer.

The church is an active member of the cluster of Yorba Linda churches offering community services during the yearly Christian holidays. This includes Thanksgiving Day and Easter Sunrise services.

The educational program channels its attention to all ages on Sunday morning and during the week. Home Bible studies, nursery through adult Sunday school and an active youth program provides growth experiences for the whole family.

The adult Sunday school offers traditional Bible classes as well as a contemporary class exploring alternatives to lifestyles, resource use and individual consumption.

United Methodist Women is an active part of the church and boasts the largest young mothers group in all of the Southern California United Methodist churches. United Methodist Men offers a weekly breakfast and speaker program.

The nursery school is one of the best in the area with classes in the morning and afternoon. The Parent Effectiveness Program (P.E.P.) has been offered as well as regularly scheduled parent education seminars.

Missional involvement is most directly seen through the Tecate, Mexico church, built and supported largely by the church's youth groups. At least six times a year a car caravan journeys to Tecate taking food items, clothes, building materials and person-power. The experience of helping others is coupled with the close fellowship enjoyed by all.

The spirit of involvement affects all who are a part of the church family, allowing little room for apathy and inaction.

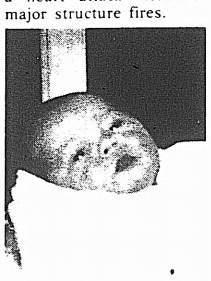
Volunteer Fire Dept.

Fires don't occur very often in Yorba Linda, but when they do, they're handled quickly and efficiently by 22 dedicated volunteer Yorba Linda Firemen who leave warm beds or places of employment no matter what the hour.

Working with the Orange County Fire Department, with whom they are under contract, the volunteers man two shining Crown pumpers, one rescue squad and a 1,000 gallon water tanker for work that encompasses everything from a smoking trash can to a heart attack victim to major structure fires.



HELPING HAND was given to Shannon Marie Seebert of Yorba Linda by the Azusa Volunteer [paid call] Fire Department when her mother began to give birth at home. This January incident is one facet of the total service for Yorba Linda offered by the Department.

Prior to the formation of the volunteer fire department in November of 1931, the only equipment for combating fires was a bell tower and a hose cart which was located on the southwest corner of Front (now Imperial) and Main. The hose cart can now be viewed at the present station on Lemon Street.

The first fire truck for Yorba Linda was a 1931 Model A Ford. Community donations then enabled the volunteers to purchase the first truck to be used for rescue. The County then equipped the truck for rescue purposes. During the years the volunteers have purchased many pieces of equipment for the department, including the air horn which sounds the alarm, the inhalator, the resuscitator and a Resus-a-Anne, which is used to teach rescue breathing.

The selection of the first firemen to serve this station was made November 21, 1931. Fire Chief was W. H. Barton. Others included Loren Cram, M.E. Willsey, Fred Earll, Fred Clodt, C. H. Eickler, Roy Pritchard and E.C. Townsend.

Who are the current firemen and how are they selected and trained for this type of work? Before being accepted on the force, the applicant must first be accepted by the County Fire Warden Carl Downs.

Following this, the men train in proper fire and rescue methods by County fire training officer. Firemen are then required to attend weekly meetings where they practice and spend many hours keeping up to date on the latest methods of fire and rescue techniques. The volunteers are part of the Orange County Fire Department and as members of this organization they are responsible for all structure fires and rescues in Yorba Linda. The department responded to 585 calls in 1976.

Serving as our Fire Chief is Keith Earll. Firemen are: Francis Beaudette, Charles Blackwood, Jerry Burton, Fred Clodt, Dave Burton, Fred Clodt, Roy Criner, Dave Govoreau, Daren House, Vincent Jones, Jim Kerfoot, Art Korn, Brandt Loucks, Randall Marsile, Sam McCamish, Mike McGarrity, George Mullener, David Page, Mike Payne, Bud Phillips, Glen Reaves, Earl Ross, Mike Schultz, Richard Shook, Jerry Steffes, and Harold Van Patten.

Soroptomist Club

Yorba Placentia Soroptimist is a professional business woman's organization which provides service to the community.

The attitude of the organization is that if one derives their livelihood from the community, it is only right that time and service be given to that community.

With that in mind the organization has provided scholarships for the youth, participated in Christmas in the Park, actively supported Fiesta Days, with a booth and a parade entry for the last six years.

An on-going fund is one that will be used in the future for facilities for the parks in the City of Yorba Linda.

An annual event is a Fashion Show presented at Alta Vista Country Club each year with members participating in the style show and a multitude of door prizes awarded to those attending, donated by merchants and business persons in the community.

This year the show will be held on March 19th at 11:30 a.m. Tickets are available from President Kitty Citizen, or chairperson, Judy Goffin at $7.50 each.

Other projects supported this last year are Meals on Wheels, Physically Handicapped Children at Troy High School, donation of books to both local libraries, and state and national projects for Soropimists International.

Membership is open to business executives, by application to the organizations membership chairperson, Jean Mathews at the Yorba Linda Water District offices.

THE ORIGINAL FIRST BAPTIST CHURCH

First Baptist Church

If you want to take a nostalgia trip to echoes of the Friendly Persuasion and early Yorba Linda, check out what was once the Meeting House of Friends on School Street between Lemon and Imperial, now part of the First Baptist Church. It's been mentioned in, at least, two contemporary novels. It also was the first church building in Yorba Linda; built in August, 1912.

In 1925 as Yorba Linda grew into a town, a Sanctuary was added to the church, facing Main Street. Then in September, 1970 the Church on the Hill" was completed and the Friends moved into their new Meeting House, overlooking the City of Yorba Linda.

The Yorba Linda Friends Church continues to teach the Gospel of Jesus Christ and reach out for all those hungry for God's love. A close knit ministry is conducted by the four pastors, H. Glen Shaffer, Dave Beckwith, Keith White and Gary Tangeman.

The church is located at 5211 Lakeview Ave., one block south of the Yorba Linda Blvd. and Imperial Highway crossroads. Sunday School is at 8:30 and 11 a.m. with classes that are mind and heart stirring. The Worship Service is at 9:45 a.m. and includes a "Learn to Worship" service for children and a nursery.

There the Lord is praised with song and timely sermons. The evening service, a family type fellowship, begins at 6 p.m. Sunday and offers an hour of songs, testimony and Bible study. During the week there are home Bible studies, Prayer Meetings, Youth activities, luncheon and Dinner Meetings and more.

Preschool and Kindergarten education has been available for the past few years. Day-school facilities are among the plans for the future.

THE PRESENT FIRST BAPTIST CHURCH

Rose Drive Friends Church

Rose Drive Friends Church is looking forward to construction of a new gymnasium-classroom complex in 1977. The half million dollar project will include an athletic field plus added parking for the growing church. Construction will begin by late spring or early summer, according to the present schedule.

The complex will include a basketball floor, a weight-lifting room and enclosed outdoor handball - racquetball courts. The adjacent athletic field is large enough for football and soccer as well as softball. The church purchased the four acre extension of its property last year.

The 25,000 square foot proposed building will house the adult and high school departments for Sunday morning and Wednesday night use. In fact, the square footage for Christian education use in the complex exceeds the gym floor space.

The additional rooms will fill a genuine need for more classes and groups. Already the overflowing 9:30 a.m. Bible Study Hour Sunday School is using classrooms at nearby Rose Drive Elementary School until the new building is completed.

For Pastor C.W. Perry it will be a dream come true. As the founding pastor, he launched the church at the corner of Rose Drive and Bastanchury Road in Yorba Linda in 1962. From the beginning he was talking about the time when the church would build its own gym.

Planning to become a coach before God called him into the ministry, Perry has long seen the benefits of athletics in touching a community for Christ.

Christian sportsmanship coupled with the emerging friendships from teamwork in sports attract numerous new families to the membership of the church.

With the addition of the new facility the church plans additional recreational programs for men, women, youth and children. Already the congregation fields four softball teams and two basketball teams in inter-church leagues.

With their own playing floor and athletic field the anticipated program will run both afternoons and evenings all during the week.

The proposed gymnasium-Christian Education building will provide multiple use for other church activities as well. A spacious kitchen will make large dinners possible. A special dining room for smaller groups adds flexibility for various groups within the church.

Besides weekday and Sunday use, the facilities will swell with people on Wednesday evenings with the church's full Christian Education program for every member of the family. Even now adults enjoy the Bethel Bible Series, an overview of the Bible presented with study materials including teaching pictures.

High school and Junior High groups meet for Bible study plus volleyball and other kinds of recreation. School age children and pre-schoolers enjoy a club program for each age group with a Christian emphasis. The nursery operates during all Sunday and Wednesday services.

Rose Drive Friends Church operates a busy and productive program with a staff of three full-time ministers, three leaders working half-time in music, Christian Education and youth, two secretaries and hundreds of volunteers.

Inspiration, Bible teaching and meaningful activities in an exciting atmosphere of fun love attract new people to the church every Sunday.

Jr. All American Football

Junior All American Football was originally formed in 1966, by Bob Boydston, Ron Fredregill, Dwight Long, and Bill Fairbanks to bring Pop Warner Football to Yorba Linda, Brea and Placentia. Two teams were fielded, Pee Stingrays (now Marlins) and Midget Stingrays (present Stingrays).

Within two years, the Chapter joined with most Orange County Chapters, the Junior All American Program of which it has been a member to date. Orange County Junior All American Football is independent from all National and regional youth football programs.

Part of the philosophy can be found in the idea that some of the better youth football in the nation is played here and in the concept of not getting national ideas, lets play, and coach in Orange County, and develop a good youth football program.

Team Names - All our teams are named after fish. The original teams were named Stingrays (at two levels) and the second name used was Sharks. From this origin, the first names have stuck so that today we have:

Jr. Clinic-Minnows, Clinic-Eels, Grunions, Guppies, Jr. Pee Wee-Barracudas, Piranhas, Pikes, Sharks, Pee Wee-Dolphins, Marlins, Midget-Stingrays.

The objective of our program is:

To inspire youth, regardless of race, color, creed, or natural origin; to practice the ideals of health, citizenship and character; to bring our youth closer together through the means of a common interest and sportsmanship, fair play, and fellowship; and to impart to the game, elements of safety, sanity, and intelligent supervision.

The objective is set forth in the "Statement of Principles" contained in the offficial rules of the Orange County Junior All American Football, Inc., which said organization we are associated with as a franchised chapter.

The Junior All-American Football Program is designed to provide youth football for boys 8-13 years of age in your community. It is a disciplined, learning process.

They are taught the correct way to run, block, tackle, and fall. During these formative years, boys in our program will be devoting their free time to wholesome, body building (and mentally stimulating) sports.

Hard work, desire, effort, cooperation, and sportsmanship are required of each boy and will become an established part of his character.

Your boy will be coached by experienced men, selected for their expertise and past records in youth athletic programs. The coaches...dedicated to the success of the program...will put in endless hours of instruction (without pay) to teach your son the value of teamwork...Competition...Fair Play!

Eight and 9 year olds are assigned to an instructional program, designed specifically for this age level. We would like to emphasize that,—with several years of youth football training, your boy will be "much sought-after" as a potential high school player.

Cheerleaders; Another aspect of this program which truly makes it a family affair and adds color, spirit and enthusiasm is our cheerleader girls.

Young ladies, who are 15 yrs. of age or younger, are invited to become cheerleaders, regardless of whether they have a brother in the program. However, girls of school age must carry a 1.6 grade average to qualify.

Parent Participation—This program is similar to other youth activities in that it's success is greatly dependent upon parental participation and cooperation.

The Board of Directors and Coaches are supplemented by active parents who assist in such capacities as Assistant Coaches, Team Managers, Cheerleader Directors, Team Mothers, Field Preparation, furnishing transportation for away games and other assorted assignments.

Administration—Placentia Yorba Junior Athletic Association is a non-profit corporation whose affairs are managed by an elected Board of Directors. The Board of Directors approves all selections of coaches.

All Directors and team officials are thoroughly screened and registered with the conference. With very few exceptions, all Board meetings are open. By-laws and all financial records are available for inspection at any meeting. Meetings are held the first and third Wednesday of each month.

Girl Scouts

The over 1,000 Yorba Linda Girl Scouts and over 200 adult volunteers are pleased to offer fun, excitement, and learning to all ages--kindergarten through adulthood. Troops are spread throughout the city. For any information please call Linda Kish, Service Unit Chairman at 528-5340.

Activities abound for every Scouting level above and beyond the regular troop activities. Mini Scouts have a fun day called "Mini Madness," each year there is a "Brownie Revel;" 6th grade Juniors attend a council event called "Round-A-Lay;" Cadettes attend a three day campout called "Cadette-A-Rama;" Senior Scouts attend "Gam" and "Paul Bunyan;" and adults have the opportunity of participating in a variety of conferences.

Also scheduled during the year are snow trips, song fests, weekend campouts, and marching in the Yorba Linda Fiesta Day Parade.

On March 12, in celebration of the 65th birthday of Girl Scouts of the U.S.A. the "Green Thumb" service project will be held. As a way of saying "thank you" to the community, each girl contributes cuttings which are distributed from a central booth in the Alpha Beta parking lot. Citizens are invited to bring cuttings of their own and exchange.

This June, under the direction of Tyler Dotterer, an exciting Day Camp will be held at Yorba Park with an overnight scheduled for the older girls at Featherly Park.

Many thanks to all who support our cookie and calendar sale. Without you Girl Scouting would not be such a vital part of the community of Yorba Linda.

Job's Daughters

Job's Daughters is an international organization for young women between the ages of 11 and 20. It was founded in 1920 and membership requires relationship to a Master Mason.

Individual groups are known as Bethels. The Yorba Linda Bethel was organized and instituted in 1956 and still meets at the Masonic Lodge on Main Street.

The five principal officers are elected and consist of Honored Queen, Senior and Junior Princess, Guide and Marshal. Each Bethel is guided by a council of nine adults who help the girls in carrying out the work of Job's Daughters.

The elected officers of Bethel #278 are: Honored Queen, Kelly Clark; Senior Princess, Lisa Venanzi; Junior Princess, Laura Rainey; Guide, Melinda Kanipe; and Marshal, Michelle Touchberry. Mrs. Lavonne Rainey and Mr. Ruben Dominquez are the Guardian and Associate Guardian of the Bethel.

In addition to their two stated meetings a month, the girls are involved in varied activities. In January they had a very successful dance co-sponsored with the La Habra Bethel; in February they went to Camp Ponderosa in the San Bernardino Mountains for Snow Camp; in March they will be having a Mexican Dinner and a Volleyball Marathon as their Senior and Junior Princess Projects.

In June of each year the Bethel participates in Grand Bethel which this year will be in Anaheim. In Oakland in 1976, the Yorba Linda Bethel won the first place trophy for Grand Bethel Choir Competition for firsttimers.

In November, 1976, the Yorba Linda Bethel was awarded the first place trophy in the State Membership Contest. The Bethel showed the best percentage gain in larger Bethels from June of 1975 to June of 1976. For further information on Job's Daughters call 524-1076 or 993-7403.

Community Church

The Yorba Linda Community Church is located right in the midst of the growing edge of Yorba Linda at 5401 Fairmont Blvd., across from Bernardo Yorba Junior High School.

The sanctuary and Christian Education Building were completed in 1968 and the congregation was organized with sixty members in 1971. The congregation now totals 221 members.

The congregation is affiliated with the Moravian Church in America which is one of the oldest protestant denominations in the world pre-dating the Reformation by almost 60 years. Yet, it is a very small denomination, primarily because of its emphasis upon renewal of existing churches and its thrust in medical and educational missions.

The motto of the church is "In Essentials Unity, In Non-essentials Liberty, In All Things Charity." Its basic doctrine is Christ-centered as depicted on the seal of the church, "Our Lamb has conquered, let us follow Him."

This community church of the Moravian denomination places its emphasis upon serving the needs of families in its area. Its aim is to present Jesus Christ as Saviour and Lord, the answer to man's needs.

Its program is designed to help develop Christ-like character through a personal relationship to God through Jesus Christ, through a comprehensive study of the Bible and through Christian fellowship, service and prayer.

Pastor Witbro is the second pastor of the congregation and has served the community church since August of 1972. He resides with his wife Jan and four children at 19702 Old Ranch Rd., Yorba Linda.

Pastor Witbro noted that "Christ has especially blessed the congregation with a sense of close loving fellowship which is felt by all the members as well as active friends serving in the programs and visitors."

This he attributes to the church's emphasis upon ministry through small groups whether it be for Bible study, Spiritual Growth, Couples Love Circles, Christian Parent Effectiveness Training or Singles Growth Groups. All become a means to learning and living Christ's love.

A recent development in the program of the community church has been its Sunday evening "School of Discipleship" from 7:30-9 p.m. The school is for Christians who take very seriously their commitment to Christ and want to learn the basics of the faith.

Five short term (5 sessions) courses are offered on a rotation basis. They are: 1) "Now that I'm a Christian, what does it really mean"; 2) "How does the church fit into all of it?" (beginning March 6th); 3) How to witness for Christ; 4) Developing an effective prayer life; 5) Survey of the Bible.

Pastor Witbro also announced that the Bethel Adult Bible Study series will begin this Fall when nine teacher trainees will have completed a two year weekly course of intensive study.

Family worship service at the community church is at 10:30 a.m. with nursery care for preschool children and a special program for children grades 1-3 during the sermon. Sunday School for children, youth and adults is at 9 a.m.

What is P.A.T.C.H.?

Prevent Airport Through Chino Hills was incorporated on December 6, 1973, as a result of the combined efforts of an aroused and concerned group of citizens. The reason for the concern was a proposal for an airport in Chino Hills which sent shock waves reverberating through Yorba Linda and the surrounding communities. The quiet, unhurried mode of living that had been taken for granted was now facing a major and unrelenting threat. Action! Action? How? By whom? Where? -- P.A.T.C.H.!

Every successful effort has a factual basis. The gathering of factual data has been difficult and time-consuming, however, most governmental agencies have been helpful and most elected representatives responsive to the P.A.T.C.H. cause.

The ultimate decision of whether or not to build this airport will be made by politically elected and appointed officials, which indicates a need for organized pressure from the grass roots.

Not only the noise and pollution would affect the surrounding cities, the fact that the cargo airport is proposed to be at least as large as Los Angeles International and would include an additional network of freeways, access roads and a monorail system is cause for major concern. Due to the enormity of the airport project, it is the proponents intention to partially fund this airport with State and Federal government monies.

Community support is vital and P.A.T.C.H.'s purpose is to represent all concerned citizens and relay their feelings to the public at large and to the Legislature.

P.A.T.C.H. workers concern themselves with research and dispensing correct information. In addition, P.A.T.C.H. is aware of the need to preserve the rapidly dwindling natural open spaces and is currently working toward that goal.

With the help of the people and the concerned government agencies, P.A.T.C.H. will succeed with what it started out to do - Prevent an airport through Chino Hills.

To obtain a speaker for a meeting of your organization, call P.A.T.C.H. at 524-7811.

WARM WELCOME is extended to Lt. Don Rogers, left, by City Manager Art Simonian, right, while Lt. Larry Baker observes. The photo symbolizes the agreement between the City of Brea and the City of Yorba Linda by which the Police Department of the former provides local service. Lt. Rogers replaced Lt. Baker as commander of the Yorba Linda Division.

Nixon Birthplace

Considerable confusion exists as to the future of the Richard M. Nixon birthplace site in Yorba Linda. Will it be honored as a national historical site? The question is hard to answer, but the Nixon Birthplace Foundation still keeps working on the project.

A few days after Richard M. Nixon was elected President in 1968, a committee composed of W. H. Barton, chairman, Dr. Robert Meador, Burt Brooks, Hoyt C. Corbit, Bill Drake and Roland E. Bigonger was formed to work towards preserving the birthplace for historical purposes. Upon resignation of Burt Brooks from the committee, Mrs. Donald (Clara Jane) Nixon was appointed to fill the vacancy. Later, Oscar Marshburn, Whittier, was added to the board. The board is still intact and holds meetings at the call of the chairman. Incorporation of the Nixon Birthplace Foundation was completed February 10, 1969.

In the spring of 1969, Barton, Corbit, Bigonger and Drake, at their own expense, made a trip to Kansas City where the Eisenhower Library at Abilene, Kansas, and the Truman Library at Independence, Missouri, were visited. Talks were held with members of the committees who served in promoting the Eisenhower Library as to the procedure they used in establishing that site.

In January, 1969, Gov. Reagan asked the Department of Parks and Recreation to make a study and recommendations. Elmer Aldrich, manager of the Statewide Planning Branch, completed the study for the state.

According to law, the Federal government does not acquire birthplace sites while the President is in office, and also they require that when the property is owned by a subdivision of the state, it must be donated to the Federal government. In this case the owner, Yorba Linda School District, would have to be paid for the property before either the state or federal government would develop it as an historical site.

A bill introduced by Congressman Charles Wiggins, was passed February 20, 1969, which would authorize the Secretary of the Interior to acquire the Nixon Birthplace as a national historical site, provided that the land is donated.

Locally, the Birthplace Foundation, so far sustained by private donations, has secured all the furniture which was in the house when the Nixon family lived here, and are keeping it in storage until the time comes when it can again be put in the house. Clara Jane Nixon, sister-in-law of the ex-President, was instrumental in locating and securing these items which through the years had been scattered around the country through various family members.

But the big question still remains...will Yorba Linda have a national historical site, honoring the first President born on the Pacific Coast? Or will it become known as the birthplace site of the only President who resigned from the highest office in the land?

Only time will tell.

Historical Sites

The following is a preliminary list of selected buildings and sites important in the history of Yorba Linda.

Representative of the early Spanish era are:

RANCHO SAN ANTONIO--The adobe house of fifty rooms was built by Don Bernardo Yorba in 1834 and it developed into one of the largest and finest ranchos in Southern California. The only remaining trace of the adobe now is a California State Historical Landmark numbered 226.

LOCATION: East on Esperanza Road from Imperial Highway.

YORBA CHAPEL and YORBA SCHOOL----Both were built soon after the Rancho San Antonio in 1834. They were the first school and church built in Orange County, excepting Mission San Juan Capistrano.

YORBA CEMETERY---The cemetery has been restored as an historical site since the land was given to Orange County in 1967. Names representative of many famous Spanish families can be found here.

LOCATION: From Imperial Highway, go east on Esperanza Road, left on Fairlynn Blvd., right on Woodgate, and finally left on Parkwood.

Historical Sites

Representative of the later settlement of Yorba Linda are:

1. **FIRST TRAIN DEPOT**-The Pacific Electric Railway Company built the first depot in 1911. **LOCATION:** 18132 Imperial Highway at the corner of Imperial Highway and Lemon Drive.

2. **FIRST LUMBER YARD**--The San Pedro Lumber Yard was opened by Mr. Joe Buckmaster about 1912. **LOCATION:** 18282 Imperial Highway, south of the train depot.

3. **FIRST SCHOOL HOUSE**--The first school house was a frame structure built by members of the community. School started on Sept. 18, 1911, and the first teacher to teach there was Miss Amanda Longnecker. **LOCATION:** 4866 Olinda Street near Imperial Highway.

3. **YORBA LINDA WATER COMPANY**--The main office occupied the building which was built as the first school house. The water company was organized in 1912, and Mr. Andrew Page was the first superintendent.

4. **FIRST APARTMENT BUILDING**--The first apartment building is still standing on Olinda Street; it was originally known as the Holloway Apartments. **LOCATION:** Olinda Street between Lemon Drive and Imperial Highway.

Jr. United Soccer Ass'n

Soccer, a sport that has been played round the world for centuries, is now being played in Yorba Linda and Placentia. In 1974 a group of local people organized an independent, very active soccer league. With the growth of soccer in the United States, so grew the local league.

This league, now known as Junior United Soccer Association, registered 2,000 players for the playing season of 1976. The age of players now spans for both boys and girls from 7 to 18.

We do not have any schedule play competition between boys and girls. We do have a rule that all players must participate in at least half the game. It is a game of activity because of the fact that 11 players on each team are on the field at one time with only 3 substitutes.

The sport provides excellent physical fitness and knowledge of team play. Our philosophy is child oriented: Let's keep the children active in good, clean, fun sports activity! Look for registration information in April.

Cloverleaf 4-H Club

The history of the Yorba Linda Cloverleaf 4-H Club dates back to the late 1930's when the club was issued its charter in 1939. It is the oldest club in Orange County and still growing.

In the last few years the club has grown to between 90 and 120 persons. Two of the longest leaders in the Orange County area are leaders for the club. They are Mrs. Laura Claussen who has been a leader for 16 years and Mrs. Lucile Lee who has been a leader for 14 years.

Some of the projects are Sheep, Beef, Swine, Dog, Rabbit, Clothing, Food, Home Furnishings, plus a variety of others. Throughout the year many activities are planned like barbeques, skating parties, family get-togethers and many others.

Each year for the last 10 years the club has held its biggest and most exciting event of the year. This event is the Community Fair held in March or April in order to prepare the 4-Her's for the 4-H Fair.

The fair is open to anyone in 4-H and the Horse Show is open to anyone between the ages of 9 and 19. This year it will be held on April 23 and 24 at the El Rodeo Riding Club in Carbon Canyon. They hope to see everyone there to support the club.

One of the places one may see the accomplishments of the club is at the Yorba Linda Library. There a Trophy Case may be found in the Reference Room. In the case all the banners, trophies, and 'pieces' of public recognition of the club may be seen.

It was built several years ago by the Wood project leader and was designed by Glen Lieber. We would like to thank everyone who has been involved since the beginning.

The growth of the many individuals and the club have greatly prospered through the help of everyone.

4-H is open to all youth between the ages of 9 and 19 of any race, religion or creed. The club is always in need of adult project leaders. Anyone interested in joining 4-H may contact Dina Miner at 529-6655 or Mrs. Lucile Lee at 528-7888.

Library Shut-In Shuttle

Sooner or later everyone stops by the library, unless you happen to be homebound, then the library comes to you.

The Yorba Linda District Library's Shut-in-Shuttle provides books and other library materials for area residents who for health reasons or lack of transportation are unable to come to the library.

Any number of books may be requested and a file of favorite authors and reading preferences is kept for each patron. Request forms, book marks and lists of new titles are also provided.

This service is provided free of charge with pickup and delivery scheduled for the patron's convenience.

Anyone interested in finding out more about the Yorba Linda library's Shut-in-Shuttle should call Mrs. Elva Stewart co-ordinator at 528-7039, ext. 0.

FIRST TRAIN DEPOT— The Pacific Electric Railway Company built the first depot in 1911. LOCATION: 18132 Imperial Highway at the corner of Imperial Highway and Lemon Drive.

Welcome Wagon

The Placentia-Yorba Linda Welcome Wagon Club was formed in the mid-1960's with the intent of promoting friendship and to help in the social, civic and cultural orientation of those women new to the area.

It is our hope that you will find among us other women who share your particular interest. Our activities include arts and crafts, a book review, bowling, both ladies and couples bridge, garden club, gourmet eat-in and gourmet eat-out, golf and "Gadabouts".

Gadabouts is a group that visit points of interest in Southern California once a month. In most cases a bus is chartered to provide transportation.

Recent trips have included the aerial tram in Palm Springs, a trip to Tijuana, a shopping spree in the garment district of Los Angeles and, on one occasion, a whale watching trip. The trips are varied and we are always finding new and interesting places to visit.

A monthly luncheon meeting is held at various area restaurants. These meetings feature a speaker or demonstration that we hope is both informative and entertaining.

Some of our activities held annually include a progressive dinner, a semi-formal dinner dance and our major fundraising event, a fashion show, with members and spouses modeling.

For membership information contact Chairwoman Doris Baker at 528-2329. 1976-77 President is Pat Rickard.

The setting for the book, "South of the Angels", by Jessamyn West, is Yorba Linda. She is also the author of "Friendly Persuasion." Miss West donated "South of the Angels," in English, French and German, to the Yorba Linda Historical Museum. It is also available at the library.

Homeowners Association

Is Yorba Linda too big for citizen involvement? Not so, say members of the Yorba Linda Homeowners Association.

Yorba Linda has been known for its citizen involvement even before it was officially a city. In fact, the Yorba Linda Homeowners Association was formed around 1958 by concerned citizens to prevent Placentia and Anaheim from stripping land from Yorba Linda they considered rightly belonged within our boundaries and to undertake the long, but successful, struggle to incorporate the City of Yorba Linda.

Formal meetings of this organization faded in subsequent years but the spirit of the members never died. Instead, the spirit grew and enveloped newcomers to the city who all share the interests of maintaining good planning, preserving unique qualities of our city and protecting investments in their homes.

At any crossroad in our city's history, citizens have come forth to be counted, each time in growing numbers. From incorporation through an apartment referendum and the low density general plan, the citizens have been the backbone.

And now, with a growing city the Yorba Linda Homeowners Association has been revitalized. It will meet on a regular basis and confer on city issues that affect our daily lives.

It will provide information to the community-at-large on matters that come before the city council and school boards and the voting records of each elected representative so there may be greater awareness and participation by the people.

The revitalized group plans to renew a beautification program, one of the original group's accomplishments, and as a public service gather, prepare and publish a pamphlet containing interesting tidbits and tales of the folks and events of our town.

This reorganized group plans to continue the proud traditions of the original group formed nearly 20 years ago and set an example for the rest of Orange County, showing what a community such as Yorba Linda can do, to improve the quality of government with citizen involvement.

With a growing membership, the Yorba Linda Homeowners Association will hold its first general meeting March 3, 8 p.m., at the Yorba Linda District Library community room. All citizens are invited.

Robert J. McCollom, Manager

Jr. Woman's Club

The Yorba Linda Junior Woman's Club was organized and Federated in 1959. Incorporated in 1965, this organization was formed by Orange District to afford young women the opportunity to serve themselves and their community.

The Club is sponsored, as are all Junior Groups, by the members of the California Federation of Women's Clubs. The Yorba Linda Juniors are sponsored by the Yorba Linda Woman's Club.

The motto for all federated Women's Clubs is "Strength United Is Stronger". Our Federation offers individual members a greater horizon.

In the past the Yorba Linda Juniors have served their community in a variety of projects and donations: Park equipment for Nixon Park, Fine Arts Festivals in the Park, Vision Screening by doctors for local schools, educational equipment for Nixon School, contributions of landscape to Linda Vista School, community carnivals, Crossing Guard Appreciation Day, Health Fairs, and sponsoring annual Teen Citizen and Art Scholarship Contests. As well as community projects, the club donates to local concerns such as YMCA Basketball and local beauty contests.

The Juniors met at the Yorba Linda Woman's Clubhouse until the tragedy of fire took a clubhouse and many happy, sincere memories of an active past. The meetings are now held at the Yorba Linda Library.

The slate of officers for 1976-77 is: President Dolores Sherratt, First Vice-President Linda Gudzunas, Second Vice-President Pat Frey, Third Vice-President Cathy Ortega, Recording Secretary Maryhelen Richey, Treasurer Wendy Spencer, Secretary Karen Galan, Parliamentarian Muriel Reed and Auditor Denise Miller. Membership is open to women ages 18-35. New officers are installed in April of each year.

Camp Fire Girls

Camp Fire Girls is the oldest girls organization in the nation. Dr. and Mrs. Luther Halsey Gulick founded the program in 1910, and it has been growing ever since.

The purpose of Camp Fire Girls is to provide, through a program of informal education, opportunities for youth to realize their potential and to function effectively as caring, self-directed individuals responsible to themselves and to others.

Camp Fire Girls has something for everyone. Blue Birds are girls in Kindergarten through third grades; their program is based on learning through play. Adventure Girls are in fourth, fifth or sixth grades and are learning through doing.

The Discovery Club consists of girls in the 7th and 8th grades; and high school girls, and boys, belong to The Horizon Club. The total membership in Yorba Linda now stands at 201.

Activities are many and varied. Individual groups might be seen on a tour of the library or fire station, or taking skating lessons at a nearby rink.

Camp Fire Girls has just completed its annual candy sale which provides a good portion of the yearly operating budget.

At the end of the school year each area has a Grand Council Fire to give recognition to members for what they have accomplished during the year. Camp Fire is noted for its outstanding record of service activities.

Yorba Linda girls are just beginning a new service project. They decided to collect pull tops from aluminum cans when it was learned that 744,000 of the tops will purchase a seeing eye dog for a blind person. If you would like to help by saving the pull tops contact Judy Coleman at 524-7063.

March 13-19 is Birthday Week and Camp Fire Girls will be celebrating its 67th year. District C, of which Yorba Linda belongs, is planning a Birthday Fair on March 19, from 11 a.m. to 3 p.m., at the Ted Craig Regional Park located on State College Blvd. near Imperial Highway.

Each group will be setting up a booth. Booths will include displays, demonstrations, hand crafted items for sale, bake sales, and game booths.

Anyone wishing information about joining a group may contact Peggy Fallon, Group Organization Chairman, at 524-1634.

YESTERYEARS-Some of the mules used for the grading of the Pacific Electric right-of-way are shown being guided along in their task in this photo supplied by popular old time resident Hoyt Corbit. The tracks on which the late lamented Big Red Cars ran ended their local run at Yorba Linda Blvd. and Stern, the latter now known as Imperial Highway. The photo was taken at the P.E. crossing on Prospect Street.

Talk to us now.
You could thank us later.
